Muzrai Commissioner in Mysore

To

Rajasevaparayana
B. Srinivasa Iyengar, Esq., B.A., B.L.,

GENL 1553 1931

Secretary to Government of His Highness
the Maharaja of Mysore,
Financial *Department.*

SIR,

In forwarding herewith the records relating to the construction of a church by the Wesleyan Mission at Tarikere, received with the Kadur Deputy Commissioner's letter No.A.3-394-30 dated 26th March 1931, I have the honor to state as follows:

The Mission authorities have applied for permission to construct a church on their land bearing S.No.158 at Machahalli, which is close to the Railway Station at Tarikere. The Municipal Council of Tarikere are agreeable to permit the erection of the building.

A representation was made by certain Mahomedan residents of Tarikere that the construction of a Church on the proposed site would cause them inconvenience as it was close to their houses. The question was referred for investigation to the Sub Division Officer. On enquiry it has been ascertained that the objection of the Mahomedan residents was withdrawn after it was made clear to them that the church would be built not on the site near their houses, but on S.No. 158 which is Mission property and which is somewhat away from their houses. The people of the other Community have also executed a mahazar that the church might be built on the place proposed.

The western portion of S.No.158 measuring about 22 guntas is proposed to be taken over by the Municipality and an equal extent given in exchange to the Mission authorities on the other side of the remaining extent of the S.No. The church is now proposed to be built on this total area. The Sanitary and Town planning Executive Engineer has inspected the place and approved of the construction of

the church on the area. A sketch drawn up by him showing the -- portion to be taken over by the Municipality and that to be added on to the S.Number and a plan of the building are herewith ------- enclosed. The church will face the Bangalore Shimoga road.

As the objection of the Mahomedan residents had been made without knowledge of the correct site and as they have recently -- withdrawn their objection and as the Municipal authorities and the Sanitary Engineer are agreeable to the construction of the church on the site proposed, I recommend that sanction may be kindly --- granted to the Wesleyan Mission constructing the church on their present land which is made up of a portion of Survey Number 158 and the area given to them in exchange by the Municipality for the portion of the Mission land taken over by the Municipality. The exchange may also be kindly approved.

I have the honor to be,

Sir,

Your most obedient servant,

J Mayagoud

Muzrai Commissioner.
